Time and Attendance

- Wage and Hour Violations
- Contractual Failures
- AWOL and Late Arrivals
- Risks to Customer Safety

Rostering

- Increased Labour Costs
- Non-Compliance with Labour Laws
- Incorrect or Inadequate Staffing Levels
- Safety Risks for Customers and Officers

DSO Time and Attendance

- **Improves Accountability:** Ensures security officers are punctual and compliant with wage laws and contracts, reducing violations and improving safety.
- **Identifies Patterns:** Assists management in identifying problematic attendance behaviours, thereby enhancing overall efficiency.
- **Ensures Compliance:** Helps maintain adherence to wage laws and contractual obligations, minimising legal and operational risks.

DSO Rostering

- **Optimised Scheduling:** Verifies roster details against client contracts, ensuring the correct number of officers, grades, gender requirements, and firearm competencies.
- **Improves Efficiency:** Prevents over- or under-scheduling, reducing labour costs and ensuring proper staffing levels.
- **Enhances Safety:** Ensures accurate rostering, thereby maintaining a safe environment for both customers and security officers.
